EASTERN DATES TO JUNE 4

EASTERN STATES

National Republican Convention

[illegible] June — The National Republican Convention was called to order at [illegible] o'clock [illegible]. Every State and Territory is fully represented. Hon [illegible] M M [illegible] was elected temporary chairman. Three temporary Secretaries were chosen and the usual committees appointed. [illegible] nominations will be made to-morrow. Wilson has been gaining for the Vice Presidency all the morning. [illegible] indication that he will be the successful man. The vote now stands 34 for Wilson and 14 for Colfax. Pennsylvania has decided to oppose Colfax and it is now thought he cannot possibly be elected.

Shortly after 12 o'clock the Convention was called to order by ex Governor Claflin. In a brief speech referring to the character of the Convention and the objects of its meeting he predicted the triumph of the party in spite of unexpected defections over all combinations however skillfully planned.

The speakers were all enthusiastic in their expressions of confidence in Grant and his ability to sweep the entire country next fall.

Gen Albright Chairman of the Committee on Organization reported the name of Thomas Settles of North Carolina as permanent President. Settles on taking the chair made a few remarks and the Convention then adjourned till 10 A M to-morrow.

The Pennsylvania delegation held a caucus this evening and resolved to support Wilson for Vice President.

Wilson's friends now claim 420 delegates.

Illinois will give Colfax 19 and Wilson 26.

Ohio will give Wilson 30 and Colfax 14.

The platform will be reported and nominations made to-morrow.

Gov Pierrepont of West Virginia seceded from the delegation of that State and in a speech declared his preference for Greeley.

After a temporary organization had been effected calls were made for Senator Logan, Garrett Smith, Nye and Morton each of whom addressed the Convention briefly in eulogy of the Republican party, the President, his acts and his administration, predicting an overwhelming triumph in November. Every allusion to Grant by the speakers was tremendously applauded and the most intense enthusiasm manifested.

Committees on Credentials, on Permanent Organization, on Rules and Resolutions were then appointed.

The Committee on Resolutions are [illegible] Hawley of Connecticut, J H Withington of California, Hoffman Best of Illinois, [illegible] Speed of Kentucky, W A Howard of Michigan, L H Head of Nevada, [illegible] Hayes of Ohio, H R Kincaid of Oregon, W Scofield [illegible] B Elege (colored) of South Carolina, J B Schafer of Colorado, J T Cooke of Idaho.

The Treaty in Parliament

London June — In the House of Lords last evening Earl Russell moved his long impending address to the Queen for the withdrawal of England from the German arbitration unless the United States abandons the indirect claims. The Earl spoke at great length in support of the motion, reviewing the events of the war in the United States, circumstances of the escape of the *Alabama*, and subsequent negotiations with the British Government, and concluded as follows: "The nation must show, as it has before, that it is jealous of the honor of the British Crown. It must treat the United States as it treated them in the Trent case." [Cheers.]

Granville followed and defended the right of the United States to place their own construction on the treaty, and to introduce indirect claims. The only way of escape from the consequence of the opposite interpretation put on the treaty by the two Governments was through the supplemental article and of this the Government had availed itself; therefore Russell's proposition did not touch the point at issue. He defended the Commissioners who negotiated the treaty—those who acted for the United States as well as those who acted for Great Britain. The British Commissioners believed the indirect claims would be withdrawn and believed the American Commissioners had so admitted. He rebuked Russell for his allusion to the Trent affair, declaring that it would be the cause of incalculable ill feeling should the treaty of Washington fail—an event by no means certain; and if their Lordships arrogated to themselves the treaty making power they would take enormous responsibility.

Earl Derby disclaimed party feeling on the question and said they had been told they should be careful and not offend the Americans. He could conceive no poorer compliment to the American people than that a frank and plain statement might cause offence. He did not want to break off negotiations; he wanted to know where they stood. "If the understanding is clear that the indirect claims are excluded, why are they not excluded in plain terms?"

Earl Kimberly regretted that Granville constituted himself an American advocate and reiterated Earl Derby's demand for the withdrawal of indirect claims.

The Marquis of Salisbury said that the "astute" Yankees had overmatched Britain in the High Joint Commission. He confessed to having a very high regard for the Treaty and declared unmalignant hostility to indirect claims.

Earl Malmesbury spoke in favor of the motion, and the Marquis of Ripon against it.

Lord Westburg announced that he would vote with the Government. Earl Roseburg with Westbury and Lord Cairns supported the motion. He did not think that it would endanger the cordial relations with America. He bitterly assailed the treaty negotiations of the Government and was repeatedly interrupted. Granville and Argyle took part in the deliberations, which became exciting.

The Lord Chancellor moved adjournment. Granville opposed the motion and characterized the speech of Cairns as the speech of an advocate. After some confusion the motion for adjournment was lost 85 to 25. Adjournment was again moved until Thursday. Agreed to and the sitting closed at 1 A M.

From Paris

Paris June — Marshal Vaillant died to-day aged [illegible].

MEXICO

Matamoras June — The telegraph line between here and Mier has been cut. There is great excitement here. The National Guard has been called out and other defensive measures renewed.

CALIFORNIA

From San Francisco

San Francisco June 6 — The scientists who doubted that the Colorado desert is below the sea level and sneered at the possibility of a vessel having drifted in there from the Gulf of California were fairly taken down by the Academy of Science last night in the report of the engineers of the Southern Pacific Railroad submitted by C[illegible]. Hay showing that the railroad line as surveyed passes through a portion of the desert two hundred and fifteen feet below the sea level, and that the dry bed of the Salt Lake is one hundred feet lower still. For forty miles the road will be below the sea level, and it is evident that at any time of high water in the Colorado a vessel could have floated in there as claimed.

The Democratic County Committee last night adopted resolutions by [illegible] favoring the Cincinnati platform and agreeing to abide by the decision of the Baltimore Convention.

The weather is beautifully warm and clear with a light from the south.

This morning about 8 o'clock the workmen engaged in grading down the street at the corner of Dupont and Lombard fired a blast in the solid rock which not being covered at all produced the most disastrous results. A frame house belonging to Moore Ashbury occupied by a family named Smith was completely riddled and wrecked and Mrs Laura Smith, a child, and Henry Rose were buried in the ruins. Rose had his collar bone broken [illegible] and the [illegible] by [illegible]. [illegible] which [illegible] the [illegible] its life. The word [illegible] for the [illegible] contractors who were immediately arrested. [illegible] the [illegible] indignation against [illegible] that a blast was let off in a similar [illegible] and killed a man at the same place a few months since.

Silver Discoveries

San Francisco June — Letters and dispatches from Sel[illegible] burn Nevada giving accounts of immensely rich discoveries of silver in the mountains immediately south of that place is creating much excitement.

OREGON

A number of men left Lebanon last Wednesday for the Santiam lead mines.

The Grand Lodge of Good Templars will convene at Salem on Tuesday of next week.

About half a dozen camp meetings will be in progress in the valley next week. Look out for rain.

A Marion county farmer has thirteen acres of hops this season and expects to realize $600 per acre from his crop.

The Salem *Statesman* is reliably informed that there is a severe case of small pox in Polk county eight or ten miles below Salem.

Camp meetings will be held at Good's mill on the Umpqua commencing June 14th, and near Dayton, Yamhill county, on the 20th.

The *Oregon Republican* reports the Monmouth College as rapidly approaching completion. When finished it will probably be among the first buildings in the State.

The two Democratic tickets in Jackson county had one man in common—Mason. Mason was what made the tickets twins and twins is what ails Jackson county. So says the Salem *Statesman*.

A camp meeting will be held in connection with the Fourth Quarterly Meeting for Yamhill circuit to commence on July 4th on the old camp ground one and one fourth miles above Sheridan.

The *Statesman* says Mr William Watkins pledged himself the other day that if Tom Patton was elected he (William) might with his consent, be set down as the d—dest fool in Marion county. It is so set down.

Gen Palmer who has been a resident of Yamhill county for a number of years was denied the right to vote except for Congressman by a Democratic Board of Judges of Election, because he is an Indian Agent at Siletz reservation.

Campmeetings will commence on the 13th inst at the following places: Rock Creek campground, Rock Creek circuit, Clackamas county. Near the Dalles, Wasco county. Near Pendleton, Umatilla county. Lebanon and Scio and at McMinnville campground.

The *Farmer* says it has heard of two or three instances in which large portions of fields of wheat and oats have been destroyed by a small worm which does its work below the ground, and cuts off the stalk of the oats or wheat. The worms make a clean sweep of the crop as they go, leaving not a single thing in their way that they can destroy.

THE TERRITORIES.

A telegraph office has been established at Gallatin City, Montana.

On Salmon Creek near Vancouver, a camp-meeting will begin next Thursday.

The St Louis Hotel was burglarized of a considerable number of valuables a few days ago.

The first steamboat of the season up the Missouri to Fort Benton arrived at that place on the 23d of May.

Major John A Kress of Vancouver has sold the steam saw mill recently built at Vancouver to Mr Newton Zeek.

S P McDonald recently connected with the Vancouver *Register*, has gone into the real estate business at that place.

A mining ditch at Helena Montana thirty one miles in length was lately sold for $2[illegible] and was thought cheap at that.

The late warm weather has caused quite a rise in the rivers of Montana making some of the fords difficult and even dangerous to cross.

A bloody affray took place at Fort Benton on the 23d ult between L O Holt and Hugh Miller about a Chinawoman in which both Holt and Miller were seriously wounded.

Company A [illegible]th Infantry has been stationed at Flathead Pass, Montana, for the protection of the Gallatin valley. A party of twenty mounted men under command of Capt Hancock has also been ordered on the patrol service.

The assessment roll of Beaverhead county Montana will this year foot up $700 000, which considering that the present population of the county is only about 700 is as good if not a better showing of proportionate wealth than that of any other county in Montana.

Pollock precinct, Clarke county, W T was not apprised of the postponement of the election early enough to prevent voting on the 3d of June. The result of the poll was such as to knock the conceit out of several candidates who have been blowing about their popularity.

Ten miles north of Argenta Montana in the Birch creek region is the most wonderful mineral mine in all that section recorded as the Green [illegible]. The ore is 50 per cent copper and has assayed as high as $2 000 per ton in gold and silver. The crevice is 22 feet wide and no waste rock between the walls.

The dwelling house of Rev Cushing Eells situated on the Walla Walla, six miles below town was destroyed by fire on Tuesday of last week. The fire originated in a defective stove pipe and was discovered before it had made any considerable headway. Mr Eells and wife both of whom are quite aged were at home but were unable to extinguish the flames. So says the Walla Walla *Statesman*.

Another old Kentucky Democrat expressed himself thus: "I am getting old. I cannot last long. I will soon step into the grave. I [illegible] want to go to the other world and meet old Democratic neighbors and tell them I wound up my life by voting for a man who has abused our party all his days and to whose infamous teachings more than those of any other man living we owe the sad and weeping days of fire and sword and desolation and ruin of the past twelve years."

At Chenoa Ill recently L M Ayers playfully shot himself. He was in company with a young friend at the time and taking up a revolver cocked it and in a joking manner placed the breech of it to the breast of his friend, at the same time saying "we will settle that little difficulty now." He did; the pistol exploded and the ball passed through his right breast killing him instantly.

Jeff Davis is seriously considering a removal to New York with a view to making it his permanent home.

LAST NIGHT'S DISPATCHES.

SPECIAL [illegible] TO THE OREGONIAN

EASTERN STATES

National Republican Convention

Philadelphia June 6 — The weather is delightful to-day and the city presents a beautiful aspect. Flags and banners are waving in all directions and the air is filled with music.

The hall of the Convention is packed with people, no space being left unoccupied. The delegates were all seated by half past 10 o'clock, at which hour the Convention was called to order by President Settles and opened with a prayer by Rev D Harper.

The Committee on Resolutions not being ready to report it was decided to proceed with the nomination of President and Vice President.

Nomination of Grant by Acclamation

Colton, of Illinois moved that U S Grant be nominated for President by acclamation. It was carried amidst the wildest enthusiasm, the audience and delegates cheering, waving their hats, etc.

The Result in Oregon Announced.

Rev J F DeVore, of Oregon rose and said, "Oregon has been redeemed. She went Republican at the election held last Monday. For four years we have been under Democratic rule. Now we are Republican in Representatives and in Legislators." [Cheers for Oregon.]

Order of Business

Oliver Ames, from the Committee on Order of Business reported in favor of having the States called in alphabetical order, each being entitled to double its Senatorial and Congressional votes according to recent apportionment, that the reports of Committees on Credentials and Platform be first disposed of, and that roll call be dispensed with on nominations, but when a majority was given for any candidate the chair should put the question "Shall the nomination be made unanimous?" Rules of the House of Representatives were generally adopted. The committee on credentials reported all the States and Territories as fully represented, and there was no contest except as to Dakota and Utah. In the case of Dakota all four delegates were admitted with two seats. In the case of Utah Hollister and Gould were admitted. Judge Southard of California moved to amend the report so as to admit both sets of Utah delegates and said he understood one set was excluded because composed of Mormons. One of the members of the committee said they were excluded because not regularly chosen, and another member said that the Mormon delegates distinctly refused to consent to a compromise admitting both delegations. Southard's motion was rejected.

Nomination of Grant.

Wm Cullom of Illinois—In behalf of Grant, of the Republican party and of all the Union, in the name of Liberty, Loyalty, Justice, Law, in the interest of economy, good government, peace, equality of all, remembering with gratitude his achievements as a soldier in the field and as a statesman in the Presidency, I nominate U S Grant.

Immense and prolonged cheering greeted the nomination, the delegates rising *en masse*, and some minutes elapsed before order was restored.

Gen Woodford of New York, arose and said that some distinguished editor who has been nominated at Cincinnati was a citizen of that State and he would ask you to pause before you make a nomination which is an election, until she can second the nomination. Four years ago she seconded Grant because of recognized obligation of gratitude to him, and to-day she endorses him because he has been tried and found true.

Nomination of Wilson

Henry Wilson, of Massachusetts, was nominated for Vice President on the first ballot, receiving 384½ votes to 312½ for Colfax.

More Strikes

New York, June 6 — Considerable anxiety is felt at the establishments whose workmen are on a strike, and police reserves are held ready for any emergency. So far no serious disturbance had ensued.

Philadelphia June 6 — A majority of the laborers in the gas works struck for an advance of wages and quit work last night. There is said to be only sufficient gas to last two or three nights.

London Dispatches

London, June 6 — It is said that orders for Grenadier Guards to proceed to America to participate in the Boston Peace Jubilee have been countermanded on account of opposition made in the House of Lords the other evening.

CALIFORNIA.

From San Francisco

San Francisco June 6 — Stocks this morning are very firm, no disposition to sell. Sales at the forenoon board 3,794 shares, making 15,069 for the day. Sales in the open board to-day are very small indeed.

Crown Point declares a dividend of $3 per share for May, aggregating $300,000 against $45 000 for April.

The re-nomination of Grant being fully anticipated no excitement whatever was caused by it. No crowds gathered around the bulletin boards, and the matter was hardly a topic of momentary conversation in the streets. There is no show of political excitement in the city, and up to this time this promises to be the quietest Presidential canvass ever seen in California. Democrats who won't vote for Greeley seem nearly as numerous as Republicans who won't vote for Grant.

A stranger named Field, died suddenly at the Olympia Lodging House last night.

Paxton Silver Mining Co, Virginia, Nevada, capital $2 000 000 was incorporated to-day.

The Ingomar Mining Co. has levied a second assessment of 30 cents per share.

The Young Men's Republican Club will receive all the candidates for membership without restriction of age or color so that they are for Grant for President.

BRITISH COLUMBIA

Victoria June 1 — The first of the second series of international matches commenced on Monday at Colwood. California, 65 and 112; Victoria 94 and 65 with six wickets to go down. Stumps was withdrawn at 6 P M. The Victorians wish to play it out. Californians refuse, saying it is a drawn game. In case they persist in the decision no more matches will take place.

A foot race between Lawton of the Californians and Powell of the Victorians was likewise postponed indefinitely on the same account.

The weather is fine but wind boisterous, very dusty.

The steamer *Alida* from the Sound, was delayed on account of the rough weather since Tuesday.

The party of engineers to survey Butte Inlet at the end of the railroad line, leave in about ten days.

BY STATE TELEGRAPH.

From Salem

Salem June 6 — This morning the team attached to Mr Bush's buggy in which were seated Mr Bush and W Shannon ran away. In turning around the buggy upset, throwing them both out and dragging them a short distance. Some rather severe bruises but no serious injuries were sustained.

Advices from Anderdon, Ontario detail the progress of the Canada Southern Railway in that section. The Company has secured and paid for all the land desired in the vicinity, arbitration having been required but in one instance. The dock at Anderdon, which is to receive all the iron required from that point to St Thomas will be finished by July 1st and a large force of men are already at work along the line.

The following is a transcript of the business done at the Walla Walla Land Office in May: Fourteen final homestead certificates, 2,058 acres, 10 homestead applications 1 984 acres, 5 commuted homesteads 720 acres, 10 pre-emption laws 1 519 acres, 32 pre-emption claims, 4,920 acres. Total, 11,201 acres.

POLITICAL NOTES

A[illegible] boys should chop down trees, and drink [illegible] water out of tin cups and eat chicken pot pie and swear, and apprentice themselves to a country printer for $40 a year and start *Tribunes*, and wear white hats and sign bail bonds, and when they grow up they may become sorehead candidates for the Presidency.

The New York *Witness*, a religious daily says: "If the Democrats do not place candidates in the field the old hardshell Jeffersonian Democrats will vote en masse for President Grant rather than give the slightest color in aiding, even indirectly, any party that seems to have made what they consider improper overtures to them."

The excitement and indignation caused by the revelation of the Tammany frauds in New York city promised to cause a clean sweep of the dishonest officials and their incarceration in the penitentiary and also of the obnoxious charter which permitted such iniquity in high places to exist. What has been the result? Not a single one of the principal offenders is in prison, a very insignificant portion of their ill gotten gains has been reclaimed. One of them still holds the highest official position in the city, and the two attempts which have been made through the Legislature to secure a better charter, have been vetoed by Governor Hoffman, a servant of the ring.

The New York *Evening Post* thus puts into chancery one of the Cincinnati bruisers. The *Post* says: "Does the Chicago *Tribune* think that we do not know the men who went from this city to force their favorite upon the Reformers? Does it think we do not know the unfair tricks by which honest men were excluded from the delegation, and the slaves of the ring were substituted? Does it not itself know that the ring which had Mr Greeley in charge is one of the worst that ever corrupted the politics of this State, and that it is equally hateful with the ring that once was Tweed's and the rival ring now known as Murphy's? Does it think that any honest newspaper, which has had to fight this ring, can now support it because it has gained a national reputation, and hopes to transfer its corruptions from this city and Albany to Washington?"

The Chicago *Times*, a few days ago, had this item: "Col Forney arrived in Washington to-day and had a long interview with the President on the political situation. He found Grant disposed to look upon the nomination of Greeley as a joke and found that he did not believe that, if indorsed by the Baltimore Convention, he would stand any chance of an election. Grant's idea seemed to be that in such an event the Philadelphia nominee would get as many Democratic votes as Greeley would Republican votes. Col Forney replied that his excellency was [illegible], and insisted that if Greeley was nominated at Baltimore the entire Democratic party would support him and the contest be made a very close one. The President said his information was quite the reverse, and told Col Forney not to allow himself to be so deceived."

Two Little Ragged Boys.

At 8 o'clock, P M at this season it is quite dark. In that darkness did the writer issue from a very seedy little railway station on the outskirts of a very large and horribly ugly town. A black bag of considerable weight was sustained in the writer's left hand. A small boy, with a face that looked sharp and hungry in the gaslight, waiting at the gate, begged urgently to be allowed to carry the bag, and receiving it, placed it on his head. Had it been daylight, the fear of Mrs. Grundy might have prevented me from walking by the boy's side and conversing with him, but in the dark, and in a place where one is unknown, such fear was [illegible]. [illegible] years old. Name Patrick. Father and mother living. Had one sister. The [illegible] who get into cabs, and hire porters [illegible] ing that the cabmen and porters are human beings with human [illegible] and [illegible], would be startled, if they [illegible] to find how like the[illegible] [illegible] are. Yes, Justice Talfourd was right, the thing that separates [illegible] from [illegible] is the want of sympathy. Father, a [illegible] at the [illegible], drank all he made. The little boy was trying to do something for his mother. His father and mother never went to church. He never went to school but on the Sunday [illegible]. Could not read the Bible. Stayed at the railway station all day, for the chance of carrying things. Got four and [illegible] a [illegible], often. What was the largest sum you ever got for carrying one thing? Nine[illegible], a shilling. Poor little fellow—the [illegible] was too trying—I saw the sharp look upon his face as he named the larger sum. It is not fair to subject the moral principles of [illegible] to a breaking strain. Probably I [illegible] to cross-examine him with severity as to the occasions on which he received the [illegible] named. But I resolved rather to indulge myself in the sight of a hungry and dirty face looking happy. So I said "My little [illegible], I want to give you more than you ever got before for carrying a bag. Here is eight[illegible] pence." Lively was the child's satisfaction. But that is not the point. If you train yourself just to think that ragged boys feel very much as you yourself do, you will [illegible] that there is something infinitely touching and heart-moving in the view of the little figure, with torn trousers, stoutly walking on before you, over the muddy streets, with a bag on its head. When you come in actual contact with the poor, and see them and talk with them, it is a very different thing from any description, no matter by [illegible].

But the most remarkable little boy I have seen for a long time I met the next day. As a small party of travelers sat on the deck of a nearly empty steamer, a ragged boy [illegible] his appearance, bearing one of the [illegible] boxes in which figs are sold. But the figs were gone, and in the box were two brushes, with these he offered to brush human boots. It was no later than 8.30 A M and no passenger needed to have his boots brushed. So his aid was declined. But, lingering with a [illegible] pointed face he said "You might [illegible] trade." The boy was just ten years old. It was no joke; it was said with a solemn and anxious countenance. Somebody sought for some pence to give him. "No," he said, "I don't like to take money for doing nothing." Who could resist that? The one man of the company set his foot upon the old fig box, and one foot was very speedily made resplendent. "Very well indeed," were his words, "thank you." To which the little man earnestly replied as he rubbed away at the other foot, "It's me that should thank you for giving me a job." Then being interrogated what he got for cleaning a pair of boots, he said, "A penny sometimes and sometimes a couple of them." Of course he got a good deal more, and showed his coin with pride to a gentleman near who had said a kind word to him.

The most Medusan cynic that ever could have benefitted this world through quitting it by being hanged does not see more plainly than I do how apparently little all this is to tell. But how different it is to look at the actual human face, and to come to know even a little about any human being! And knowing the poor as the writer has learned to know them you will feel that there is something unutterably revolting in the use of those depreciatory terms which thoughtless people often employ to signify their less fortunate fellow-creatures. Such a term as the *canaille* is loathsome for a weightier reason than that it is not an English word. And when you come to know something of the anxieties, sorrows and cares of the poor, of their sad calculations as to the disposal of their wonderful shifts in the matter of food and clothing, of what sickness is to them, you will understand better the force of that most Christian sentiment of a heathen dramatist, who said that forasmuch as he was a man, he had something to do with what concerns any human being.—*Recollections of a Country Parson*

[illegible]

the Con en W thout a [illegible] disparagement M [illegible] erve that o hit rgman hau [illegible] from Massachusetts ould be nau [illegible] President He possesses [illegible] rience is guided by conscient [illegible] s firm yet olerant inflex b [illegible] to Republican principl s t free [illegible] imputation of mere partisanship [illegible] sympathy with the popular heart and knows the sentiment and wants of the country as well as any man in it Doubtless Mr Colfax who has filled the office acceptably would have been renominated had he not some time ago declared most positively that he would not again be a candidate The friends of Mr Wilson improved this opportunity By the time Mr Colfax had withdrawn his declination Mr Wilson had gained great strength Mr Colfax lost something too by the apparent want of good faith in coming forward again as a candidate after he had so positively withdrawn his name And besides it was thought the Vice Presidency should this time be given to the East Mr Wilson s fitness and worth being known he was selected as the candidate

Here is a ticket which can be confidently recommended as a worthy one It is offered to the country in full confidence that the distinguished names that compose it and the principles they represent will give assurance of peace order and continued national prosperity that the people of the United States looking to the welfare of their country and earnestly desiring its continued progress security and happiness, will accept this ticket and elect it The Philadelphia nominations are in the interest of peace of national safety of honest adherence to national obligations a preservation of the faith of the Government towards its creditors of economical administration of reduction of public debt and diminished taxation of steadiness in public affairs and of full maintenance of all the settlements of the war The Republican party is a bulwark against reaction, confusion and disorder It stands between the country and all attempts for purposes to disturb its peace unsettle its prosperity or re open any of the vexed and distracting questions of the past The country wants repose Republican policy gives it The country enjoys prosperity the result of Republican administration And the country will be content with the good it has rather than fly to the ills that it knows not of For these reasons it will support the Philadelphia nominees and continue the Government in the safe course it is now pursuing

The Legislature

The exact state of parties in the next Legislature cannot yet be determined But from the returns received it would appear that the Senate probably stands twelve Republicans to ten Democrats, and the House thirty Republicans to nineteen Democrats Republicans have certainly elected Senators as follows

Douglas, 1 Douglas, Coos and Curry 1 Lane, 1, Polk 1, Washington, Columbia Clatsop and Tillamook, 1 Marion 2 Multnomah, 2 Union 1 Yamhill 1 Total 11 A full Senate numbers twenty two so this would make a tie But there is a good prospect of a Republican Senator in Wasco which would give the Republicans two majority Mr Witham (Rep) of Benton though elected by thirty two majority was deprived of his seat and Strahan (Dem) instated The seat should now be given back to Mr Witham, its rightful occupant When this is done, the Republican strength in the Senate will certainly be twelve and perhaps thirteen out of twenty-two Of the House Republicans have elected members as follows

Jackson, two Coos and Curry one Lane three, Douglas, three Benton two Yamhill two, Washington two Tillamook one Clatsop, one Columbia Clatsop and Tillamook one Multnomah four Clackamas three Marion, five Total thirty Chances are favorable for two or three more A full House consists of forty nine members

The Republican majority on joint ballot will therefore certainly be eleven and it may reach eighteen This with the election of the Congressman by nearly 1 000 majority will do.

The report of the Secretary of War lately transmitted to Congress contains a statement of the number of colored soldiers enlisted during the late war The total number enlisted was one hundred and seventy eight thousand nine hundred and seventy five of which one hundred and forty four thousand six hundred and twenty six were slaves The Secretary states that in case the bill now pending before the Senate Military Committee passes providing for the payment of bounty to enlisted slaves two millions dollars will be required to pay the bounty allowed

By order of Governor Grover General Palmer, one of the oldest citizens of Yamhill county was disfranchised on election day General Palmer is Indian Agent at [illegible] Reservation Of course he could not gain a residence there being in the service of the United States He returned to his home to vote but was ruled out It has transpired that this was done by the advice of Governor Grover That little demagogue wanted the Yamhill delegation in the Legislature very bad

The *Herald* in speaking of the election says that Governor Grover was not a candidate There is a popular impression that he was a candidate If he were not why did he and his backers take so much trouble to set up legislative tickets in all the counties carefully selecting in every instance men who would vote for him for the United States Senate? We presume he never was a candidate now but up to last Monday he acted very much as if he were a candidate

What is greatly needed [illegible] to the Cincinnati ticket is the support of leading Democratic newspapers who are willing to go for Greeley and Brown without an if or a but. We have searched in vain among our Democratic exchanges for some thing of this decided and definite character

Very Complimentary

[illegible]

A [illegible] tells the people [illegible] Herald [illegible] that he was [illegible] had power to bottle up [illegible] and take away [illegible] schemes The *Herald* is now on another tack It solemnly assures those who read it that [illegible] Holladay is at the end of his resources that he is a bankrupt and more that he never can finish his railroads and that he will soon fail and quit the State Here are two sets of opinions They who are deluded into subscribing for the *Herald* may pay their money and take their choice

The Victoria [illegible] says A telegram from Mr Nathan announces that the Dominion Government are in favor of [illegible] as the terminus of the Railway and that if found impracticable to make that port the terminus a line will be built along the coast of the Island and a ferry connection established with the terminus of the line on the main land

MISCELLANEOUS NOTES

A paper hanger of Boston found himself a few weeks ago with a large stock of extremely ugly wall paper on hand which he despaired of selling A lady came in one day and seeing the large bouquets of flowers which formed the design of the paper complimented him upon his enterprise in secruing the Dolly Varden pattern He took the hint spoke of the fashionable article to his customers and in a few weeks sold every roll of it

The most touching eulogy and the most comprehensive probably was uttered at the grave of Daniel Webster at the close of the funeral rites A plain man probably one of the neighbors of the deceased came forward stood at the grave and said with quivering lips Daniel Webster the world will be lonesome without you The quality which won for Daniel Webster this touching eulogy was not his great and brilliant intellect but his neighborly love

The woman Tennie C Claflin who has been conspicuous before the public for several years past nearly always in an equivocal position insists on being elected Colonel of Fisk s regiment to fill the place rendered vacant by the death of that officer A New York paper says she has ordered of her tailor the full uniform of a commander of a regiment of the national Guard and engaged the Grand Opera House where she was to have appeared on the following Sunday mounted on a spirited charger to give an exhibition of her old [illegible]

A dispatch from St Paul Minn says that during the rain storm which passed over northwestern Iowa and Dakota on the night of the 10th inst a large water spout descended to the earth striking a few miles from White Swan Dakota covering the earth for a great distance around with water to the depth of from 8 to 30 feet Fortunately it did not strike in the vicinity of any settlement and no person was injured but considerable stock was lost The Mississippi telegraph line was demolished for a great distance and covered with earth and uprooted trees Great gullies were torn in the earth in some places to the depth of twenty five feet

Many persons receiving letters at the Post office are in the habit of opening them in the passage way and then throwing them on the ground This custom has been taken advantage of by sharpers who are thus enabled to learn the box numbers of business firms and to lay plans for getting possession of their letters The most successful device to accomplish this object is the preparation and presentation of counterfeit box tickets by means of which during the hurry and confusion incident to the distribution of the mails the thieves manage to secure their plunder and escape detection These devices have become so common in Boston that the Postmaster of that city has found it necessary [illegible] The same caution in reference to letters should be provided here

What Horace Greeley Says

HORACE GREELEY OPINION OF THE DEMOCRACY

As certain Democrats talk of committing their party to the support of Greeley Horace opinion of the Democracy is highly pertinent Here it is—and Horace Greeley has never retracted the sentiments thus deliberately uttered

Point out to me every one plea [illegible] to an election district what you will pronounce moral rottenness [illegible] debauchery and vice whose voters subsist mainly by keeping policy offices gambling houses grog shops and darker dens of infamy and that district will be found to nearly or quite every election giving a large majority for that which styles itself the Democratic party [illegible] What is the instinct the sympathy which attaches them so uniformly to this party? Will you consider

May it be written on my grave that I never was a follower and lived and died in nothing its debtor

[illegible]

These words were uttered by Horace Greeley on the [illegible] day of January [illegible] in a speech [illegible] New York [illegible]

As to the aim [illegible] I recognize one [illegible] Republican [illegible] grateful for its judicious [illegible] energetic efforts to procure the ratification of the Fifteenth Amendment the keystone of our [illegible] whereby the fruits of our [illegible] the rebellion and slavery are [illegible] and perpetuated

While asserting the right of every Republican to his untrammeled choice of a candidate for next President until a nomination is made I venture to suggest that General Grant will be far better qualified for that momentous trust in 187– than he was in 1868 Such gentlemen are the ideas and convictions which have impelled me to take my place among you and accept the responsibility which you have imposed upon me

The Indians.

COL. BOUDINOT'S VIEWS OF THEIR GOVERNMENT.

Col. Boudinot, one of the leading Cherokees, now in New York, has been interviewed on Indian affairs and gives his views as follows:

In my opinion the cause which produced the shooting of the United States Judge, and the shameful proceedings in the Indian Territory is to be found in the anomalous condition of affairs in the Territory. I have been asked frequently who was to blame, the Marshals or the Indians, and can only reply that the fault lies with the conflict of jurisdiction which is every day exhibited in the Territory. Fifteen tribes of Indians, numbering 60,000 persons, are scattered over an area greater than all New England, and according to the treaty of 1866 each of these tribes are a nation and entitled to self-government; but Congressional legislation since the treaty has so qualified the privileges accorded to us in the latter respect that it has become difficult for us to tell what our rights and privileges are. The treaty says that we shall make our own laws and that offenders shall be tried under our laws; but subsequent legislation modifies our privileges and says that wrongs perpetrated by Cherokee upon Cherokees shall be submitted to our courts, but wrongs perpetrated by the Cherokee upon the white man shall be adjudicated upon in the United States Courts, and so it has come to pass that the Indians of our nation find themselves deprived of rights and privileges they supposed were guaranteed to them under the treaty of 1866. They cannot understand the justice of this. What I desire is that the Government of the United States shall constitute the whole territory into a government with uniform laws, giving us all the privileges of citizens and taxing us accordingly.

How I CURED MY CANCER.—Chas. Yardley, of Pittsburg, Pa., says: "I wish to tell how I cured my cancer last summer without pain or money. Eight years ago a cancer came on my nose. It grew slowly for several years; the last two years it grew very fast. It became frightful. It had begun to eat out my left eye. I had paid hundreds of dollars, and had tried doctors far and near, without finding relief. Last summer I drank wild tea, putting the tea grounds on my cancer every night as a poultice. In six weeks my cancer was cured. I am now 62 years old. I have given this remedy to several that had cancer, and I know two that have been cured since. I believe wild tea grows over the country generally, always on high land."

FINANCE AND COMMERCE.

THURSDAY EVENING, June 6, 1872

Gold in New York to-day, 114¼.

Portland Legal Tender rates, 88c buying; 89c selling.

The following vessels are now on the way to this port:

Alden Besse, American Bark, Besse commander, 900 tons register, sailed from Hong Kong.

Victoria Nyanza, British Ship, 1022 tons burden, from Middlesbrough.

Kappa, British Bark, Symons Master, 516 tons burden, from Shields.

North Brabant, Colonial Ship, 623 tons burden, Frost Master, from Hong Kong, out 43 days.

Leaping Water, British Ship, Kerr Master, 1147 tons burden, from New Castle, England, out 76 days.

Siam, British Ship, 741 tons burden, Griffith Master from Middlesborough, out 49 days.

The Bark *Melancthon* sailed from San Francisco for this port to-day with a large assorted cargo.

Steamer *Ajax* completed discharging her cargo to-day and was hauled over to the eastside wharf to receive return freight for San Francisco. She will sail Saturday evening.

The steamer *Idaho* is receiving freight for Victoria and Sound ports. She will sail at 8 o'clock, Saturday evening.

The steamer *California* will be due at this port from San Francisco to-morrow evening.

The Brig *Brewster* is lying at Flanders' wharf.

In consequence of the high water, and the submergence of the wharf at the foot of Washington street, the steamer *Vancouver* is compelled to land at Flanders' wharf, foot of C street.

Strawberries, which have been in the market but a few days, are retailing at 25 cents per pound.

Oregon cherries, choice varieties, retailing at 25 cents per pound.

We note no changes in the ruling quotations of Oregon Woolen Goods and Dry Goods. The market is tolerably firm, but the demand is less active than a few weeks ago. The great stringency of the money market renders an advance of prices unnecessary, and unsafe to trade. Interior [illegible] are reported dull, with indications o[f] [illegible] in the present ruling prices.

No advance or depression are reported in hardware and agricultural implements. During the past week there has been an active demand for agricultural implements, east of the mountains, among the farmers of that region. Iron is firm and ruling at $86 per ton. A number of reapers, headers, threshers and wagons have been received by the two leading firms of the city—Messrs. Hawley, Dodd & Co, and Knapp, Burrell & Co.—by the brig *Brewster* and steamer *Ajax*.

There are no new features in the Domestic Produce market. But little animation exists in the demands. In Wheat and Flour the transactions are limited. No advances have occurred in the ruling prices of Flour, Feed and Produce generally, which are firm. Metals still have an upward tendency, with prices firm and stiff. Drugs have not advanced or retrograded, either in prices or demand, which are moderately firm. Paints remain unchanged in quotation, with fair demand.

The San Francisco *Commercial Herald* of May 31st states that shipments of Flour overland continues, but they would be greater were it not for the recent advance in freight of 50c per bbl—now $3 50 in currency. The amount of Wheat (including Flour) received at San Francisco from Oregon, during the harvest year, is stated at 37,000 tons.

Following are the Custom House statistics for this port for May, 1872.

PLANTATION BITTERS!

S. T.—1860—X.

This wonderful vegetable restorative is the sheet-anchor of the feeble and debilitated. As a tonic and cordial for the aged and languid it has no equal among stomachics. As a remedy for the nervous weakness to which women are especially subject, it is superseding every other stimulant. In all climates, tropical, temperate or frigid, it acts as a specific in every species of disorder which undermines the bodily strength and breaks down the animal spirits.

MEXICAN MUSTANG LINIMENT,

FOR MAN AND BEAST.

Probably few articles have ever had so extensive a Sale, while none have been more universally beneficial than the MEXICAN MUSTANG LINIMENT. Children, Adults, Horses and Domestic Animals, are always liable to accident, and it is safe to say, that no family can pass a single season without some kind of an emollient being necessary. It becomes a matter of importance then to secure the best.

Over three hundred livery stables in the city of New York alone are using the MEXICAN MUSTANG LINIMENT, in all of which it gives unusual satisfaction.

CAUTION.—The genuine is wrapped in a fine *Steel Plate* engraving with "*G. W. Westbrook, Chemist*," and "*Trade Mark, MEXICAN MUSTANG LINIMENT*," engraved across the face of each wrapper. The whole bears the proprietor's private United States Revenue Stamp, and not a common stamp, as used by druggists.

[illegible]

Section 2. No stove pipe shall be placed nearer than sixteen inches to any wall, except at right angles therewith in passing through the same, nor nearer than sixteen inches to the wall of any adjoining building. All smoke pipes passing through the roof of any building shall extend at least four feet above the roof of the building to which they are attached, measuring from the point where each passes through such roof, and if, in the opinion of a Fire Warden, they be deemed unsafe to the building or buildings adjoining, they shall be carried up to such a height as may be deemed necessary, not to exceed four feet above the extreme height of said building or buildings adjoining; *provided*, that no owner, proprietor, superintendent, agent or occupant of, or other person using or managing or having the control of any steam saw or planing mill, or factory of any kind, or any foundry or machine shop, or any other establishment where steam power is used, shall use or continue the use of, maintain or erect any smoke stack or chimney in connection with any such establishment of less height than twenty feet above the adjoining buildings, or those adjacent thereto. If, in the opinion of a Fire Warden, a sheet iron pipe is not sufficient for the safety of the building or buildings, he shall inform the owner or occupant thereof, and order a brick chimney, which order shall be complied with within ten days; *provided*, that hotels and restaurants shall in all cases provide brick chimneys to be used instead of stove pipes. All owners of or occupants of any building within the city, in which there is a smoke pipe shall, when notified by a Fire Warden, comply with the foregoing requirements of, and also replace a bad or defective smoke pipe with a new one when so ordered.

Section 3. That when any flue, smoke pipe or chimney constructed prior to this ordinance going into effect shall be deemed by a Fire Warden to be unsafe, the Fire Warden in whose district the same may occur, shall notify in writing the owner or occupant of the building that the same must be repaired or removed within ten days, and if the parties so notified shall persist in using any flue, smoke pipe or chimney which endangers the building to which it is attached or adjoining buildings, the Fire Warden shall cause the same to be repaired or removed, and the cost of such repairs shall be made at the expense of the owner or occupant of the building.

Section 4. No stove at all stand within two feet of any wooden or cloth wall, unless such wall is fully protected by tin or zinc plates fastened thereon, and all persons using iron stoves shall cause to have placed under such stoves a zinc or other incombustible material sufficient to protect the floors from fire.

Section 5. It shall be unlawful for any person to deposit any ashes in any wooden vessel or on any wooden floor in the city, or deposit them in any place in their premises that will be nearer than ten feet to any wooden work.

Section 6. No person shall use any portable light in any building or place where combustible materials are kept, unless such light be securely enclosed in a lantern, and no person shall use a light where combustible materials are suspended above it without so protecting it as to prevent such materials from falling upon or coming in contact with it.

Section 7. Every person making or using shavings shall, at the close of each day, cause the same to be securely stored or disposed of so as to be safe from fire. All hay, straw, or other combustible material, shall be so stowed as to be safe from fire, and when not so stowed the Fire Warden may direct the removal of the same, or cause the same to be protected from fire, and at the expense of the owner or occupant of the premises. No owner or occupant of any livery stable in this city shall, by himself or those in his employ, use therein, or in any place containing hay, straw, or other combustible matter, any lighted candle or other portable light except the same be securely protected by a lantern. No person shall, in this city, have put, or keep any hay or straw in stack or pile without having the same enclosed or secured so as to protect it from flying sparks of fire.

Section 8. That the Fire Wardens of this city shall at all times have the right to enter any building within the city for the purpose of discovering or ascertaining any violation of this Ordinance.

Section 9. That it shall be the duty of each Fireman to give the Wardens notice of every violation of this Ordinance which may come to his knowledge.

Section 10. That no person shall willfully and maliciously make a false alarm of fire.

Section 11. That whenever a Fire Warden deems it necessary for the safety of any building, or adjoining buildings, to have any accumulation of moss removed from the roof of such building he shall notify the owner or occupant of such building, who shall at once have the same removed.

Section 12. No person shall make or cause to be made a fire on any wooden pavement or planking within the city.

Section 13. No person shall in the city, boil any pitch, tar, resin, turpentine varnish or other inflammable substance unless the same be done in an open place, at least thirty feet from any building, boat, vessel or other property that might be injured thereby, or in a fire-proof building.

Section 14. Any person or persons violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and on conviction thereof before the Police Court, shall be punished by a fine not less than [illegible] nor more than one hundred dollars, and each day of maintaining or continuing such violation shall be deemed a new offence and punished accordingly.

Section 15. The Chief Engineer and Assistant Engineers of the Fire Department are required to see that the provisions of this ordinance are enforced, and to make complaints in the Police Court for violations thereof.

Section 16. Ordinance No. 71, entitled An Ordinance for the Prevention of Fires, approved Feb. 17th, 1868, is hereby repealed.

TO THE UNFORTUNATE.

NEW REMEDIES, NEW [illegible]

Dr. Gibbon's Dispensary,

623 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhoea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

DR. GIBBON has the pleasure of announcing that he has returned from visiting the principal hospitals of Europe, and has resumed practice at his Dispensary, 623 Kearny street, corner of Commercial, San Francisco, where his old patients and those requiring his services may find him.

The Doctor has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system! Look at their pallid, emaciated and disfigured faces and their broken-down constitutions, disqualifying them for the happiness of marriage, or the enjoyment of life. In this horrid state thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering from any of these horrible, life-destroying maladies, and see that they are cared for and cured before it be too late. Send them immediately to DR. GIBBON, a physician who has made private diseases his especial study for years, and is certain to cure the most inveterate case, without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their ability of curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of these charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse, a solitary vice, or depraved sexual indulgence, practiced by the youth of both sexes to an almost unlimited extent, producing with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by any of the San Francisco quacks.

MARRIED MEN.

Or those who contemplate marriage, who are troubled under any of these fearful maladies, should not forget the sacred responsibility resting upon them and obtain immediate relief.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure, or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME by addressing a letter to Dr. Gibbon, stating symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions. By inclosing Ten Dollars coin, in a registered letter through the Postoffice or through Wells, Fargo & Co., a package of medicine will be forwarded to any part of the Union.

All communications strictly confidential.

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders, who, with bogus sworn certificates, dupe the unwary. Some of the self-styled doctors, whose names are to be found in the daily and weekly newspapers of San Francisco and other places, are tradesmen and others too lazy to work at their trades. Some are [illegible] makers, newspaper carriers, intelligence office keepers, etc. The only way to avoid imposition is to make inquiry—it will cost you nothing, and may save you many regrets; for as advertising physicians in nine cases out of ten are bogus, there is no safety in trusting any of them until you know who and what they are. Dr. Gibbon cannot deceive people by exhibiting bogus diplomas, certificates, pretended patients' letters, etc. Dr. Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he proposes to cure.

Address DR. J. F. GIBBON, 623 Kearney street, corner Commercial, San Francisco, Post Office Box 1,957.

REMEMBER TO PUT BOX 1,957 ON THE LETTER.

Consultations FREE.

☞ Correspondents will please inform DR. GIBBON that they read his advertisement in the *Daily Oregonian*. 1s6-414
